

H-SERIES Benchtop CNC

TEACH:

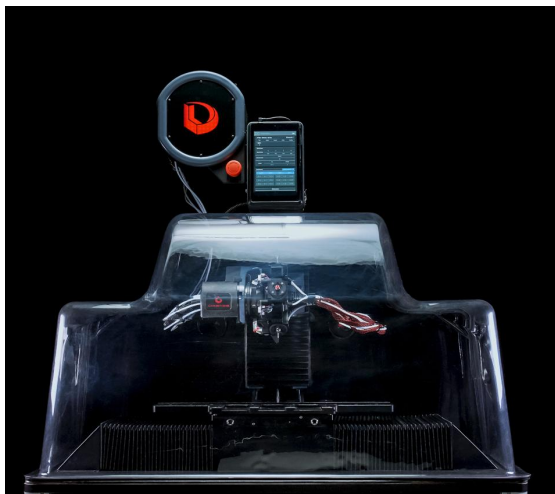

- * Simple 3D printing *
- * 3-axis CNC milling *
- * Multi-material 3D printing *
- * 4- and 5-axis multi-tool milling *
- * Hybrid (near net shape) operation *

...with a **SINGLE** machine

Starting at \$6,900

Train real-world high-tech skills - same programming, same G-Code, same workpiece setups - as industrial-scale machines

SAFE Benchtop Platform

- Enclosed build environment
 - Contain 3D printing fumes
 - Protection from moving parts
 - Reduced noise and mess
 - Interlock circuitry (machine freezes if cover is removed)
- Low cost crashes, easy to maintain
- Accurate and simple workholding
